le Screen®

BY MULTIBRACKETS

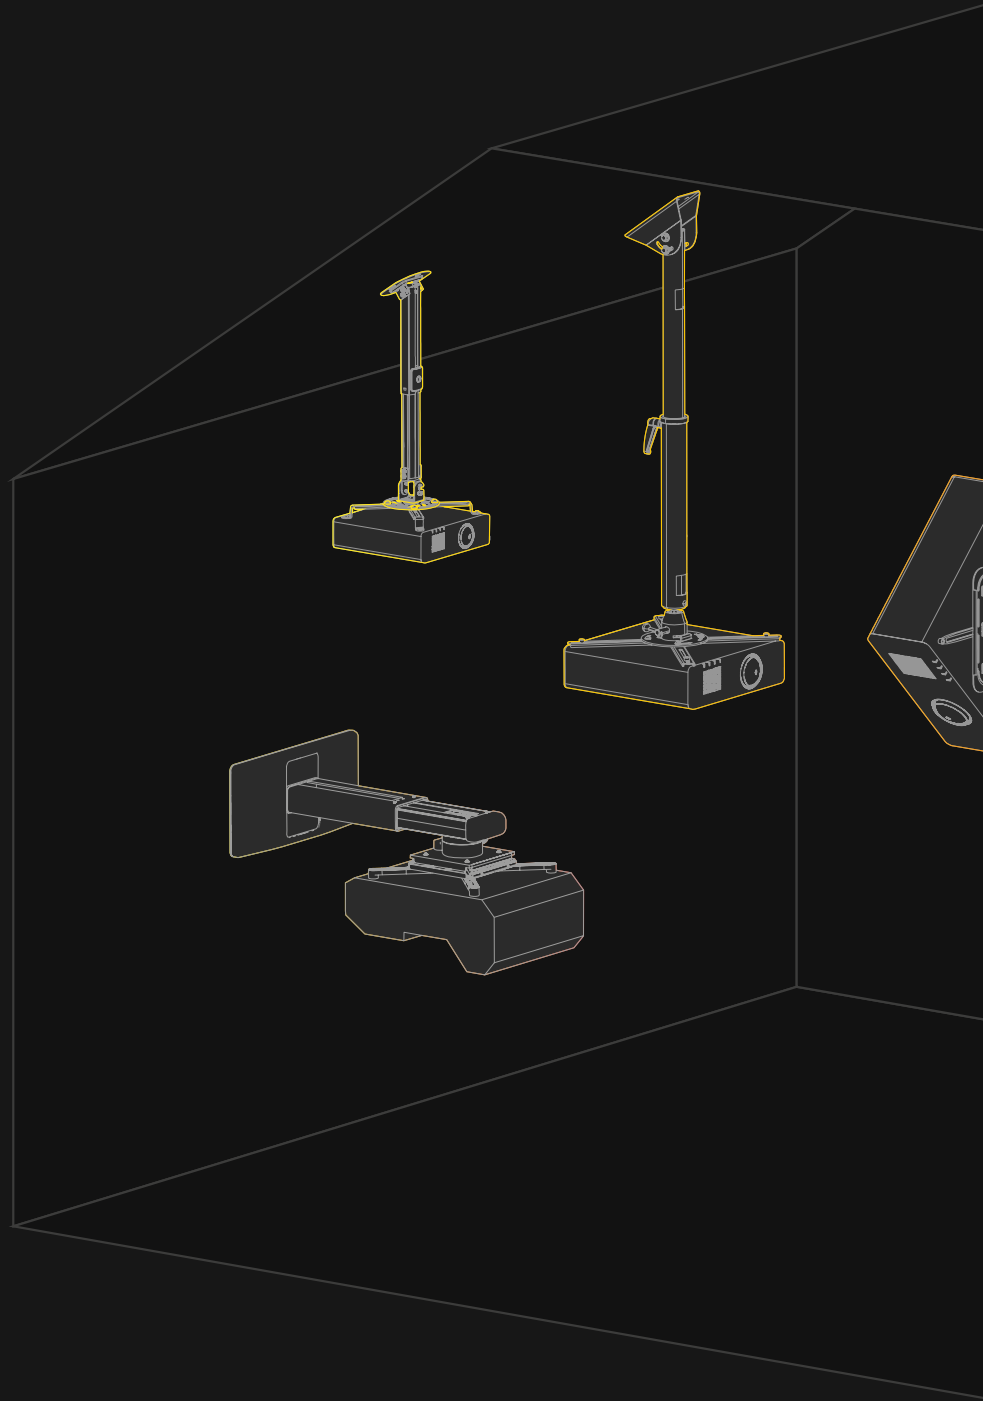

At Le Screen we get the Big Picture. Displays are great, but if you want to make an epic presentation or watch entertainment the way it is supposed to, you need a projector mount and a screen. We are used to deliver projector mounts with high-definition awesomeness. Presenting in a good way is more important than people think. As they say - there is just one time to make a first impression, whether it's a company presentation or watching a game with your friends. Our series of projector mounts are built to deliver and adds flexibility and quality to your set up. Designed in Stockholm, Sweden to provide an outstanding performance, leaving your audience with a great impression. After years of production and practice, we carry one of the most sophisticated line ups of projector mounts on the market, ideal for public, office and home use.

le Screen®

Professional projector mounts

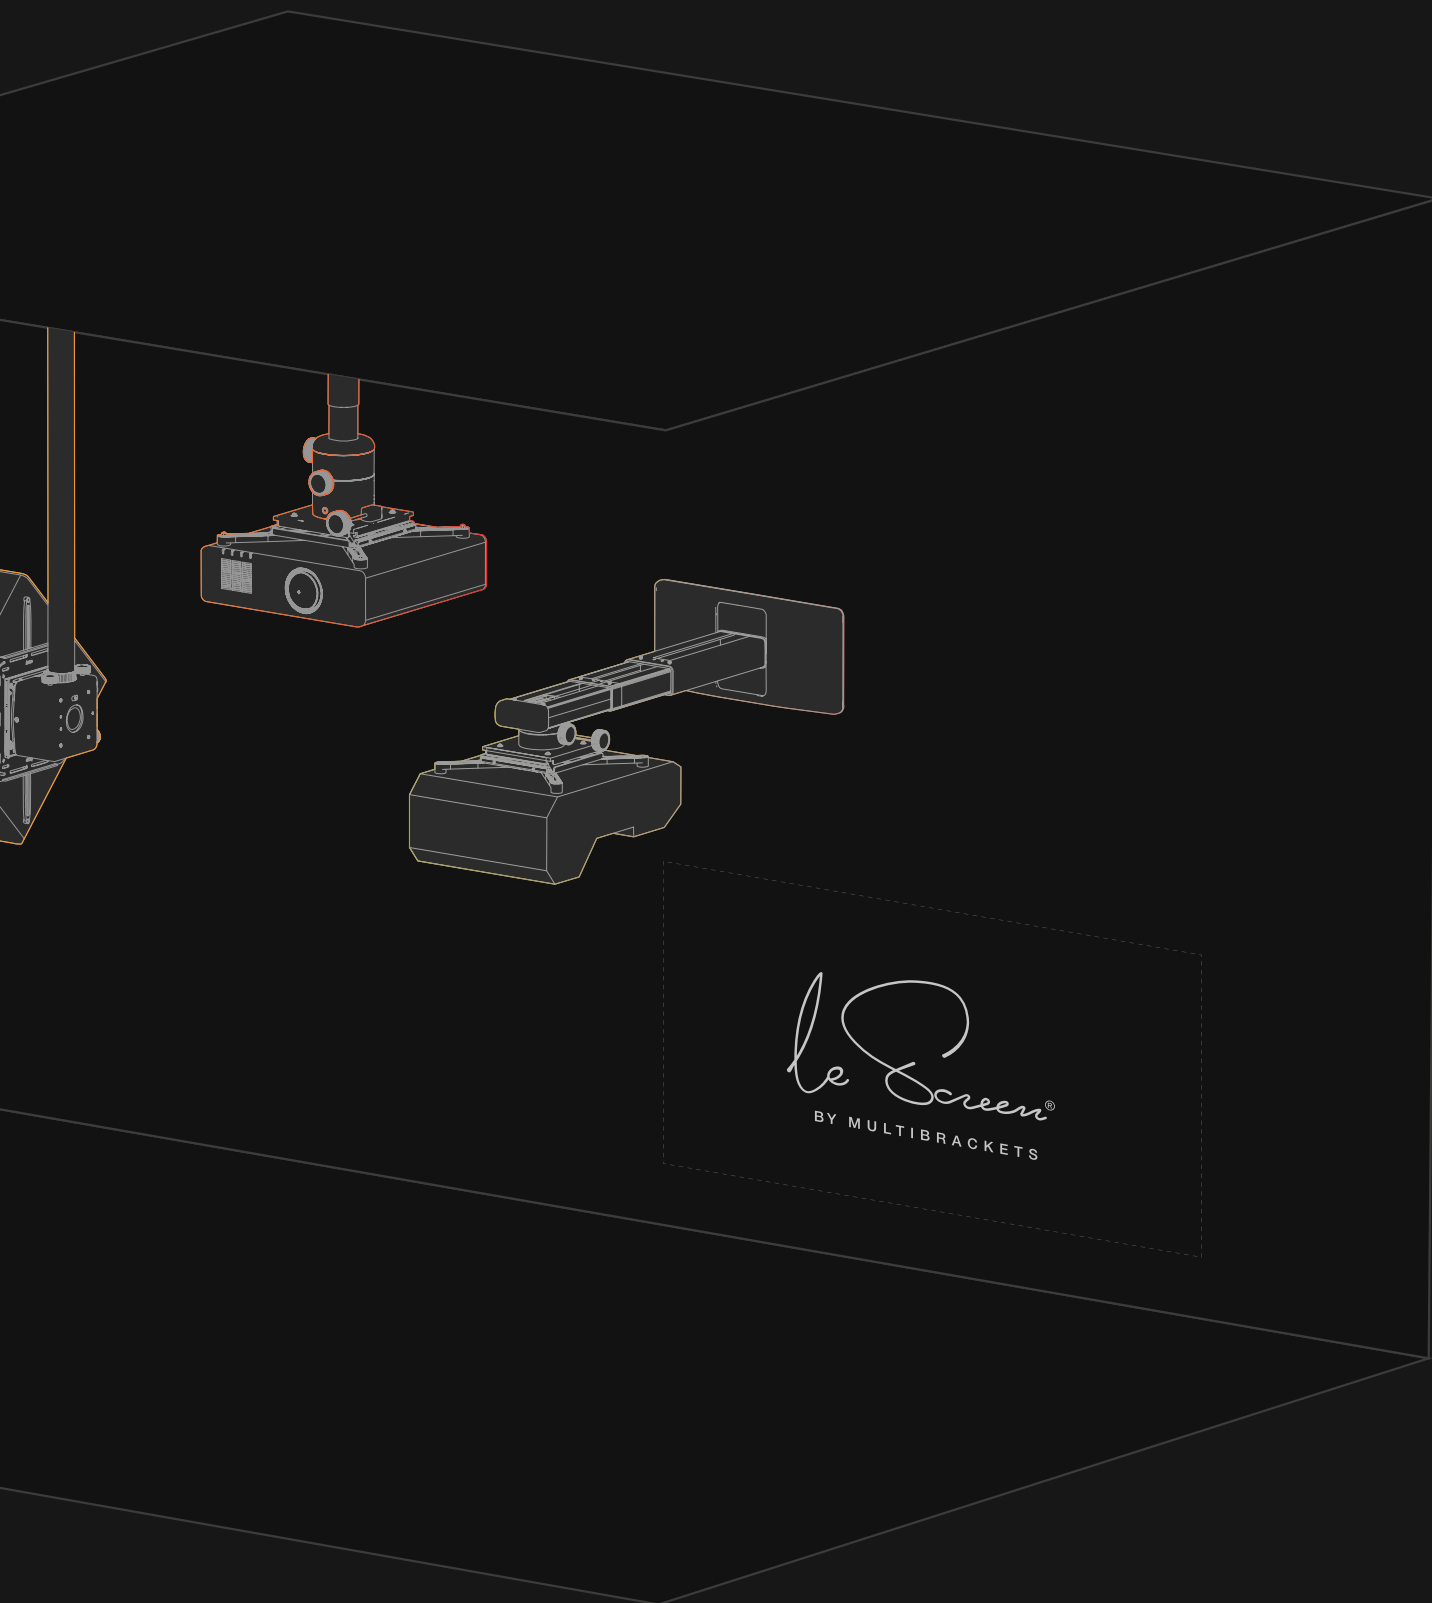

by Multibrackets

A complete range of projector mounts designed for the latest generation projectors, whether it be from ceiling or from the wall. The range includes basic mounts and

height adjustable solutions with telescopic poles as well as short throw models. No more adjustment screws, no more micro adjustments, no more hassles. We simplify

the way image alignment is done. The design protected fine tune adjustment allows the image to be tilted, rolled and rotated by turning the adjustment knobs by hand,

no tools needed. Just set the projector in the desired place and it will hold its position even during maintenance.
