

M PUBLIC FLOORSTANDS SERIES

At Multibrackets we love big pictures. If you want to make a really epic presentation or watch entertainment the way it was supposed to, you need a great floorstand to match the displays capabilities. The way to present and the way to watch is way more important than most people think. As they say - there is just one time to make a first impression, and we want that to be a great one, whether it is a company presentation or watching the game with your friends. Our series of basic floorstands are built to deliver and adds flexibility and real quality to your set up. Designed in Stockholm, Sweden to provide outstanding performance with a sleek, flexible and easy-to-move around design, it will give your visitors the impression you want to leave behind. We carry one of Europes largest selections of Floorstands , supplying models for needs within Public or Office use.

Everything starts with you.
For us to create great products it always
begins with putting you the user at the heart
of everything we do.”

Mission We are on a mission to create products that are simple to install and use, that excites and solves our clients daily needs - everyday, all year around. Based in Stockholm, Sweden we design, develop and market AV Equipment. But we do it our way. Armed with a genuine passion for new technology and user centric innovation, we take a product and give it a little bit of Multibrackets magic!

About us Founded in year 2000 we are a family owned business and represented in over 30 countries. Today we are considered one of the leaders in the rapidly changing environment of digital signage technology – together with our distributors we are providing hardware and services to enable the full value from idea to a ready product. With one of the most comprehensive product lines in EU we supply Audio Visual Equipment for every need. Multibrackets reputation for innovative products is well known.
